

We are pleased to announce that **Spooler SAS** of Roche la Molière, France has appointed **Fi-Tech, Inc.** of Richmond, Virginia as the **company's exclusive sales representative for its Calemaid® line** of slitting, spooling, winding equipment in the United States and Canada.

Calemaid® is the global reference for **quality slitting, spooling and winding of nonwovens**. Established in 1952, Calemaid® has focused its activities on **highly technical applications** where quality slitting and spooling, or winding, of soft materials is needed.

For over 40 years, Fi-Tech has represented European-based companies in North America, **providing technologically advanced equipment** to customers in the **Nonwovens, Synthetic Fiber, and Converting industries**.

RESEARCH, INNOVATION & SCIENCE  
FOR ENGINEERED FABRICS CONFERENCE  
Le Méridien Hotel, New Orleans, Louisiana,  
January 25-28, 2016

Fi-Tech will be presenting Calemaid® slitting, spooling and winding equipment **at its tabletop display at [INDA's RISE Conference](#)**.

If you are attending the RISE Conference, we invite you **to stop by the Fi-Tech tabletop display and meet Jeff Bassett**, Fi-Tech's Managing Director.

Spoollex will also be exhibiting in the Fi-Tech [booth at IDEA in Boston](#), Massachusetts, May 3-5, 2016.
